

Wednesday 15th October

Hour	Los Corales - Sessions	Vistamar - Workshops	Del Mar - Sessions	Las Brisas - Workshops
8:00	Registration			
8:30	Opening - Welcome Remarks by CIAPR President and Congress Directors			
9:15	Key Note: Paying Your Way: Improving Performance Through Uptime James V. Reyes Picknell			
10:00	BREAK BETWEEN PRESENTATIONS			
10:10	PMO-R: Laying the Groundwork for Effective Asset Management Pilar Valderrama, PdMtech	The Enhanced Layered Approach of Integrated Electrical Inspections (NFPA 70E) Drew Walts. IRISS	Where Are You on the Maintenance Journey? Derran Raymond, RECO	What's new in Hexagon EAM Christopher Lopez and Sharon Kelly
10:55	Coffee Break			
11:15	Workshop: RAM and Weibull Analyses Jesus R. Sifonte, PdMtech	Customer Case Study: Vibration Analysis Program at a Pharmaceutical Facility Jorge Loyola	Price Industries: Reliability KPIs That Matter Michael Ilardi	Building an Asset Criticality Assessment using industry best practices Saul Soto, VisualK
12:00	BREAK BETWEEN PRESENTATIONS			
12:10	Design for Reliability Impact on LCC Bernal Picado, PdMtech	Latest ASME Standards for Pressurized Systems Tony Febles, Hytorc	JPS Asset Management, An Enterprising Journey Phillip Whittingham, JPS	Analyzing asset risk using the Asset Risk Analyzer tool Marc Laplante, Kenneth Vazquez
13:00	Lunch			
14:15	Key Note: Artificial Intelligence. What it is and what it is not Julio Roque			
15:10	Case Study: The Power of AI and Natural Language Processing Carlos Echevarria, PdMtech	Leveraging AI for HVAC Reliability: AHU Optimization Through Continuous Coil Monitoring Mike Bodón, AQUIS	Practical ISO 55001 for Day-to-Day Reliability Marc Laplante	Best Practices for implementing an Enterprise Asset Management. Hexagon EAM Luis Echevarria, VisualK
15:55	Coffee Break			
16:15	Workshop: Determining Maintenance Tasks and Their Frequencies Jesus Sifonte, PdMtech	Industrial Ultrasound Applications Drew Walts. IRISS	Utility Networks Rafael Pereira	Asset Performance Management Advanced: Condition-Based and Predictive Strategies Marc Laplante, Luis Echevarria
18:00	Cocktail

Thursday 16th October

Hour	Los Corales - Sessions	Vistamar - Workshops	Del Mar - Sessions	Las Brisas - Workshops
8:30	Customer Panel: Fine-tuning MRO Inventory using AI TransOcean - Pratt Narayanan, Rob Rutherford, Michael Minc, Sharon Kelly			
9:30	Asset Management Case Study: Journey Towards Successful AM Implementation at a Major cGMP Facility Vilma Rosado, Johnson & Johnson	Case Study: Air Leak Survey Example With Losses Calculation Jesus Rodriguez, Rafael Alvarez, PdMtech	From Theory to Reality: Implementing a Reliability Management System that Works for Your Organization Rene Nazario, VisualK	Using Mobile Work Execution: Hexagon EAM Mobile Masterclass Lindabeliz Ortiz, VisualK
10:15	Coffee Break			
10:45	Condition-Based Lubrication: Oil Analysis and RCM-R Driving Smarter Risk Decisions Marcello Attilio	Workshop I: Machine Coupling Alignment Using State-of-the-Art Laser Technology Rafael Alvarez, PdMtech	Fast-Tracking Your Predictive Journey Marc Laplante	Reliability Journey Appointments
11:30	BREAK BETWEEN PRESENTATIONS			
11:40	Driving Maintenance & Reliability Excellence: A Transformation Journey at a Leading African Diamond Mine James Reyes Picknell, Conscious Asset	Workshop II: Machine Coupling Alignment Using State-of-the-Art Laser Technology Rafael Alvarez, PdMtech	Reliability Journey Appointments	A practical process for building an RCM Saul Soto, VisualK
12:25	Lunch			
13:45	Key Note: ISPE Guidelines for Maintenance, Reliability and Asset Management Vilma Rosado, Johnson & Johnson			
14:30	BREAK BETWEEN PRESENTATIONS			
14:40	Asset Management's Digital Edge: It Starts With Data Quality Pilar Valderrama, PdMtech	Increase Quality and Consistency by implementing Orbital Welding Procedures for your Tube & Pipe Fabrication Process Benjamín Chevalier	Reliability Journey Appointments	Dashboards and Reporting: Building Your Reliability Cockpit Kenneth Vazquez, VisualK
15:25	Coffee Break			
15:45	From Reactive to Reliable: A Case Study of RCM-R Transformation in a c-GMP Regulated Pharmaceutical Facility Jesus Sifonte, PdMtech	Workshop: How to diagnose rotor imbalance with Vibration Analysis. 1 Plane Balancing Workshop Jesus Rodriguez, Rafael Alvarez, PdMtech	Reliability Revolution 2035: Progress Report & What's Next Angel Torres, VisualK	Reliability Journey Appointments
16:45	Closure & Raffle
