

### Wednesday 15th October

Hour	Los Corales - Sessions	Vistamar - Workshops	Del Mar - Sessions	Las Brisas - Workshops
8:00	Registration			
8:30	Opening - Welcome Remarks by CIAPR President and Congress Directors			
9:15	Key Note: Paying Your Way: Improving Performance Through Uptime James V. Reyes Picknell			
10:00	BREAK BETWEEN PRESENTATIONS			
10:10	<b>Asset Management's Digital Edge: It Starts With Data Quality</b> Pilar Valderrama, PdMtech	<b>The Enhanced Layered Approach of Integrated Electrical Inspections (NFPA 70E)</b> Drew Walts. IRISS	<b>Where Are You on the Maintenance Journey?</b> Derran Raymond. RECO	<b>What's new in Hexagon EAM</b> Christopher Lopez and Sharon Kelly
10:55	Coffee Break			
11:15	<b>Workshop: RAM and Weibull Analyses</b> Jesus R. Sifonte, PdMtech	<b>Customer Case Study: Vibration Analysis Program at a Pharmaceutical Facility</b> Jorge Loyola	<b>Price Industries: Reliability KPIs That Matter</b> Michael Ilardi	<b>Building an Asset Criticality Assessment using industry best practices</b> Saul Soto, VisualK
12:00	BREAK BETWEEN PRESENTATIONS			
12:10	<b>Design for Reliability Impact on LCC</b> Bernal Picado, PdMtech	<b>Condition-Based Lubrication: Oil Analysis and RCM-R Driving Smarter Risk Decisions</b> Marcello Attilio	<b>JPS Asset Management, An Enterprising Journey</b> Phillip Whittingham, JPS	<b>Analyzing asset risk using the Asset Risk Analyzer tool</b> Marc Laplante, Kenneth Vazquez
13:00	Lunch			
14:15	Key Note: Artificial Intelligence. What it is and what it is not Julio Roque			
15:10	<b>Case Study: The Power of AI and Natural Language Processing</b> Carlos Echevarria, PdMtech	<b>Leveraging AI for HVAC Reliability: AHU Optimization Through Continuous Coil Monitoring</b> Mike Bodón, AQUIS	<b>Practical ISO 55001 for Day-to-Day Reliability</b> Marc Laplante	<b>Best Practices for implementing an Enterprise Asset Management. Hexagon EAM</b> Luis Echevarria, VisualK
15:55	Coffee Break			
16:15	<b>Workshop: Determining Maintenance Tasks and Their Frequencies</b> Jesus Sifonte, PdMtech	<b>Industrial Ultrasound Applications</b> Drew Walts. IRISS	<b>Asset and maintenance data insights</b>	<b>Asset Performance Management Advanced: Condition-Based and Predictive Strategies</b> Marc Laplante, Luis Echevarria
18:00	Cocktail

### Thursday 16<sup>th</sup> October

Hour	Los Corales - Sessions	Vistamar - Workshops	Del Mar - Sessions	Las Brisas - Workshops
8:30	<b>Customer Panel: Fine-tuning MRO Inventory using AI</b> TransOcean - Pratt Narayanan, Rob Rutherford, Michael Minc, Sharon Kelly			
9:30	<b>Asset Management Case Study: Journey Towards Successful AM Implementation at a Major cGMP Facility</b> Vilma Rosado, Johnson & Johnson	<b>Workshop: Machine Coupling Alignment Using State-of-the-Art Laser Technology</b> Rafael Alvarez	<b>Aligning People, Processes, and Technology for Asset Performance Excellence</b> Rene Nazario, VisualK	<b>Using Mobile Work Execution: Hexagon EAM Mobile Masterclass</b> Lindabeliz Ortiz, VisualK
10:15	Coffee Break			
10:45	<b>Asset Obsolescence Under Control: Leveraging International Frameworks for Sustainable Asset Lifecycle Management</b> Bernal Picado, PdMtech	<b>Customer Case Study: Predictive Maintenance Program</b>	<b>Fast-Tracking Your Predictive Journey</b> Marc Laplante	
11:30	BREAK BETWEEN PRESENTATIONS			
11:40	<b>Driving Maintenance &amp; Reliability Excellence: A Transformation Journey at a Leading African Diamond Mine</b> James Reyes Picknell, Conscious Asset	<b>Case Study: Air Leak Survey Example With Losses Calculation</b> Jesus Rodriguez, Rafael Alvarez, PdMtech	<b>Fine-tuning MRO for Reliability</b> Jeromy Risner	<b>A practical process for building an RCM</b> Saul Soto, VisualK
12:25	Lunch			
13:45	<b>Key Note: ISPE Guidelines for Maintenance, Reliability and Asset Management</b> Vilma Rosado, Johnson & Johnson			
14:30	BREAK BETWEEN PRESENTATIONS			
14:40	<b>PMO-R: Laying the Groundwork for Effective Asset Management</b> Pilar Valderrama	<b>Increase Quality and Consistency by implementing Orbital Welding Procedures for your Tube &amp; Pipe Fabrication Process</b> Benjamín Chevalier	<b>Asset Risk Analysis</b>	<b>Dashboards and Reporting: Building Your Reliability Cockpit</b> Kenneth Vazquez, VisualK
15:25	Coffee Break			
15:45	<b>From Reactive to Reliable: A Case Study of RCM-R Transformation in a c-GMP Regulated Pharmaceutical Facility</b> Jesus Sifonte, PdMtech	<b>Workshop: How to diagnose rotor imbalance with Vibration Analysis. 1 Plane Balancing Workshop</b> Jesus Rodriguez, Rafael Alvarez, PdMtech	<b>Reliability Revolution 2035: Progress Report &amp; What's Next</b> Angel Torres, VisualK	
16:45	Closure & Raffle
